Minister may acquire certain rural farmlands for purpose of making new grants
Act No. 30 of 1966 s. 3

3.-(1) Where-

- (a) a cultivator is in occupation of rural farmland; and
- (b) the Minister is of the opinion that, by reason of the development or improvement of, or expenditure of money or effort upon, such rural farmland by-
 - (i) such cultivator;
 - (ii) a deceased cultivator formerly in occupation of such rural farmland who is in the prescribed relationship to the present cultivator; or
 - (iii) both such cultivator and such deceased cultivator, it is fitting that a right to such rural farmland should be granted to such first-mentioned cultivator,

the Minister may, subject to the provisions of this Act, acquire the rural farmland so occupied and any necessary boundary area for the purpose of making a grant to the cultivator under section 8.

(2) For the purposes of this Act-

- (a) a cultivator is in occupation of rural farmland if he is in actual personal occupation of such rural farmland, or if he enjoys any right or licence to cultivate or use such rural farmland either continuously or seasonally, otherwise than-
 - (i) under a grant of a right or interest therein made with the approval of the appropriate authority;

- (ii) under a grant of a right or interest therein for a term of not less than ten years, such term being a term certain or the sum of an initial term certain and any other term certain for which the initial term may be renewed under an option exercisable by the grantee, if such grant was, at the time it was made, a grant for which no consent or approval of any authority was required by written law;
- (iii) as a servant of any person having any title, right or interest in the land:

Provided that, nothing in this subparagraph shall apply to any such servant who makes any payment in cash or in kind for his occupation of the land to any person, whether his employer or otherwise, entitled to possession thereof;

- (iv) as a trustee, personal representative, receiver or agent, or under any mortgage or charge; or
- (v) as a trespasser:

Provided that, nothing in this subparagraph shall apply to a person who entered upon the land under a licence to use the land as a cultivator; and references to the former occupation of a deceased cultivator shall have a corresponding meaning;

- (b) a person who, had this Act come into operation on the twenty-ninth day of November, 1965, would have been a cultivator in occupation of rural farmland but who has, between that date and the commencement of this Act, been evicted from such rural farmland, shall, during the period beginning on the date on which this Act comes into operation and the first anniversary of that date, be deemed to be a cultivator in occupation of the relevant parcel of rural farmland;
- (c) a deceased cultivator is in the prescribed relationship to a present cultivator if-
 - (i) he was the father, grandfather, uncle or brother of the present cultivator, the wife of any of the foregoing, or the husband or wife of the present cultivator; and

- (ii) if the rural farmland had been land held by the deceased cultivator for a right under customary law, it would have passed from the deceased to the present cultivator on the death of the former intestate;
- (d) a necessary boundary area means so much of the owner's rural farmland contiguous to the land occupied by the cultivator as, in the opinion of the Minister, it is necessary to acquire in order that the boundaries between the land to be acquired and the remainder of the land held for the same title are rational and convenient:

Provided that, the total area of any necessary boundary area shall not exceed one tenth of the area of the land contiguous thereto which is occupied by the cultivator and which the Minister then proposes to acquire under this Act.

(3) In subsection (2) of this section, "authority" means the Minister or the Commissioner for Lands, or any other public authority or public officer of, or in the service of, the Government or any former Government in whom a power to consent or approve a disposition of land presently vested in the Minister or Commissioner was vested at the relevant time; and "the appropriate authority" means such authority aforesaid whose approval or consent to the relevant grant is or was required by law.

Notice of
intention to
acquire land

4.-(1) Where the Minister intends to acquire any rural farmland under this Act, he shall serve notice of his intention-

- (a) upon the owner thereof and upon every other person having a registered right or interest in the land; and
- (b) upon the cultivator in respect of whom he proposes to acquire the land.

(2) Every notice served in accordance with paragraph (a) of subsection (1) shall be in the prescribed form and shall-

- (a) call upon the owner and such other persons aforesaid, unless previously notified of the Minister's withdrawal

from the acquisition, to assign, convey or surrender to the President all title, right and interest in the land to be acquired within such period, not being less than six weeks from the service of notice upon the owner, as the Minister may specify therein;

- (b) be accompanied by a sketch map of the land to be acquired which map shall show any line of demarcation between the land to be acquired and any other land of the owner contiguous therewith.

(3) Every notice served in accordance with paragraph (b) of subsection (1) shall be in the prescribed form and shall-

- (a) contain a statement of the term of the grant which the Minister proposes to make to the cultivator under section 8, of the rent and premium, if any, payable thereunder, and of any conditions thereof;
- (b) be accompanied by a sketch map of the land which the Minister proposes to grant to the cultivator under section 8, due regard being had to the provisions of subsection (2) of that section.

(4) The Minister shall give notice in the *Gazette* of his intention to acquire any rural farmland under this Act; and every such notice shall be published in the *Gazette* as soon as is practicable after service upon the owner of notice under subsection (1) and shall contain a statement of the name of the owner, a description of the whole land held for the title and of the title, and a description of the land to be acquired.

Withdrawal from
acquisition

5.-(1) The Minister may withdraw from the acquisition of any rural farmland at any time before the title of the owner thereof is transferred to the President or, as the case may be, extinguished.

(2) Where the Minister withdraws from the acquisition of land-

- (a) any instrument for the assignment, conveyance or surrender of any title, right or interest in the land which was made in accordance with any notice relating

to such acquisition but which has not, at the date of withdrawal, taken effect, shall be void; and

- (b) the Minister shall, so far as he is able and free of charge, cause to be granted, re-assigned or conveyed to the persons formerly entitled thereto, other than any such persons whose interest or title would have expired by the passage of time, any right or interest assigned, conveyed or surrendered to the President in accordance with any notice relating to such acquisition.

Extinguishment
of title to
acquired land

Cap. 334

6.-(1) Where the period specified in accordance with subsection (2) of section 4 has expired and all title, right and interest in the land to be acquired has not been assigned, conveyed or surrendered to the President, the Minister may apply, *ex-parte*, to the Registrar for the grant and registration of a certificate of title to such land, and, notwithstanding anything to the contrary contained in the Land Registration Act, the Registrar shall, if satisfied by affidavit or otherwise that-

- (a) the application is made in such circumstances aforesaid in respect of an acquisition in pursuance of the powers conferred by section 3; and
- (b) no proceedings in respect of the acquisition of the land are pending in the High Court or the Court of Appeal, and, unless it appears that the Minister has withdrawn from the acquisition, grant to the President a certificate of title to such land and register the same in the appropriate register.

(2) Where a certificate of title is registered in accordance with subsection (1), such certificate shall confer on the President the absolute right and title to the land comprised therein free from all adverse or competing titles, rights, interests, trusts, claims and demands whatsoever and such adverse or competing titles, rights, interests, trusts, claims and demands shall, to the extent that they touch or concern the land, be extinguished.

- (3) A certificate of title shall be in the prescribed form.

Minister may pay
compensation

7.-(1) Where any land is acquired under this Act, any person, other than the cultivator in respect of whom it is acquired, who enjoyed any title, right or interest in the land prior to its acquisition may, within six weeks of the publication of the notice in the *Gazette* provided for by subsection (4) of section 4, or such longer period as the Minister may allow, apply in writing to the Minister for the payment of compensation for the assignment, conveyance or surrender or, as the case may be, the extinguishment of such title, right or interest.

(2) The Minister may, in his discretion, such discretion being exercisable in respect of whether or not compensation shall be paid, the persons to whom compensation shall be paid, the amount of any compensation and the manner of payment, pay compensation to any person who enjoyed any title, right or interest in the land prior to its acquisition and who has made a claim therefor in accordance with subsection (1); but the total sum which may be paid in respect of the acquisition of any one parcel of land shall not exceed the value of the unexhausted improvement of the land effected otherwise than by the cultivator in respect of whom the land is acquired or by any deceased cultivator who is in the prescribed relationship to the first-mentioned cultivator.

(3) Save to the extent, if any, that the Minister makes a payment of compensation in accordance with this section, no compensation shall be payable for the acquisition of any rural farmland or the assignment, trust, claim or demand in accordance with the foregoing provisions of this Act.

(4) Save in so far as any compensation shall be recoverable from any premium paid on a regrant of the land acquired, any compensation paid shall be paid out of moneys provided by Parliament.

Regrant of
acquired land
Act No.
30 of 1966 s. 4

8.-(1) Subject to the provisions of this section, where any land is acquired under this Act, the Minister shall grant a right of occupancy over the land to the cultivator in respect of whom it was acquired.

(2) Where contiguous parcels of land are acquired under this Act in respect of two or more cultivators, the Minister may divide the whole as he thinks fit into the like number of portions and, subject to the provisions of this section, shall grant a right of occupancy over one of such portions to each of such cultivators.

Cap. 113

(3) Subject to the provisions of the Land Act, the terms and conditions of the rights of occupancy granted under this section shall be at the discretion of the Minister, and in making a grant under this section the Minister shall not be bound by anything contained in the notice served on the cultivator in accordance with subsection (1) of section 4, unless the cultivator has notified the Minister in writing of his acceptance of the terms and conditions set out in such notice.

(4) Where the cultivator in respect of whom the land was acquired refuses or neglects to accept a grant of the same within a period of three months after an offer thereof to him, or the acquisition of the land, whichever is the later, the Minister may make a grant of the land as he thinks fit; and the validity of the acquisition of any rural farmland shall not be impugned solely by reason of the Minister having made a grant of land in the circumstances set out in this subsection to a person other than the cultivator in respect of whom the land was acquired.

(5) Where the Minister makes a grant of land under this section, he shall have power to grant, or reserve, any easement of necessity over or in respect of the land or any other land of the former owner.

(6) For the avoidance of doubt, it is declared that, where the Minister makes a grant under this section of any land used by the cultivator in respect of whom it was acquired for the purpose of mining, such grant shall not be deemed to exempt the person to whom it is made from compliance with the provisions of the Mining Act or any other law controlling or regulating mining.

Cap. 123

Service of
notices

9. A notice under the foregoing provisions of this Act shall be deemed to have been served on a person if it is-

- (a) served on him personally;
- (b) left for him at his last known address and a copy is affixed on some conspicuous part of the land concerned; or
- (c) sent by prepaid registered post addressed to him at his last known address and a copy is affixed on some conspicuous part of the land concerned:

Provided that, in any case in which a copy of a notice is required to be affixed to a conspicuous part of any land, if the notice is directed-

- (i) to a person other than the cultivator, it shall, so far as is possible, be affixed to a part of the land outside the area occupied by the cultivator;
- (ii) to a cultivator, it shall be affixed within the area occupied by him.

Power of entry

10.-(1) Where any person authorised for the purpose has reason to believe that any person other than the owner is carrying on any farming operation on any rural farmland and is of the opinion that an investigation ought to be made of the nature of his occupation and the extent of his development or improvement of, or of his expenditure of money or effort upon, such farmland, such person may enter upon the rural farmland and make such investigation, and may survey the rural farmland and determine any boundary or line of demarcation between the land in any cultivator's occupation, including any necessary boundary area, and any other land of the owner contiguous therewith.
